

CROWN Boiler

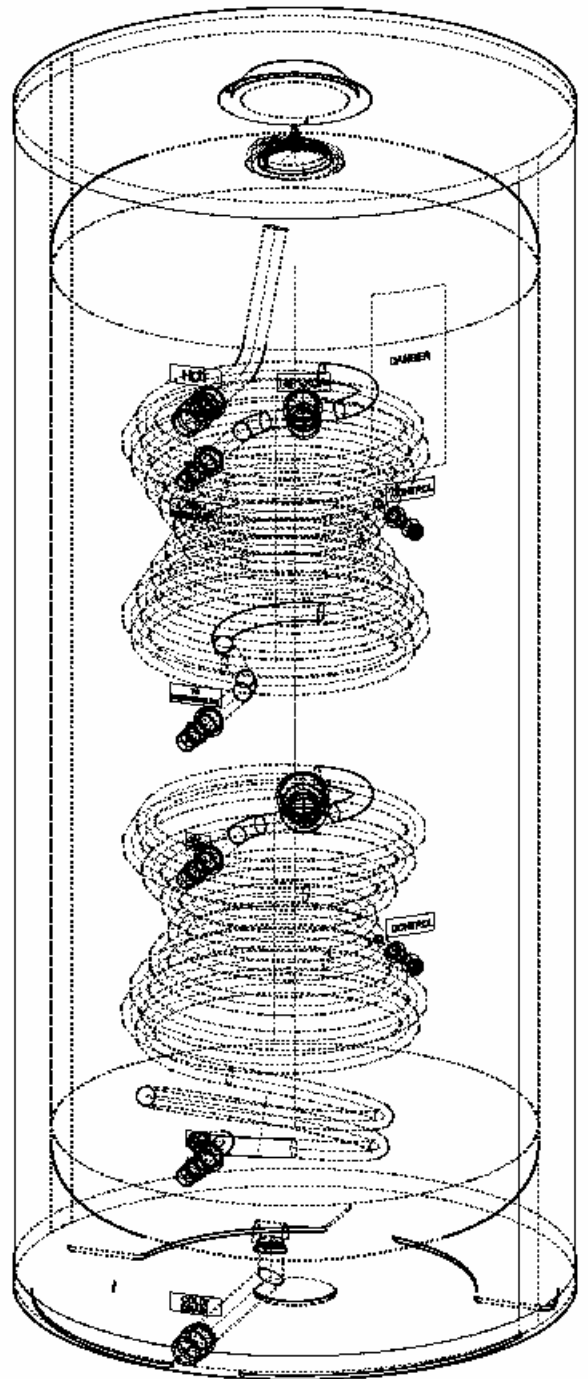

Mega-Stor Solar Tank

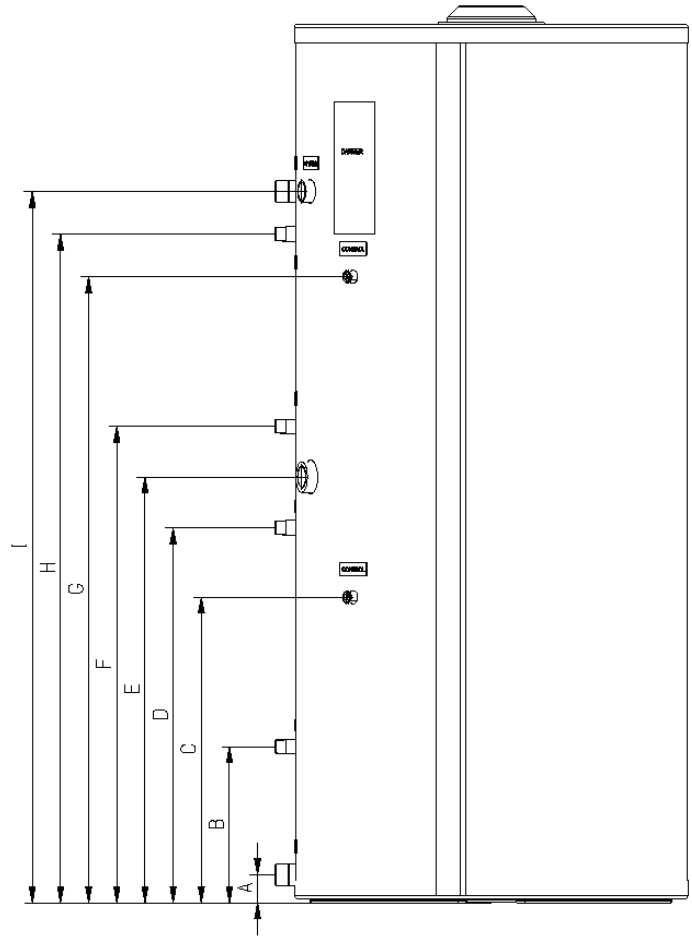

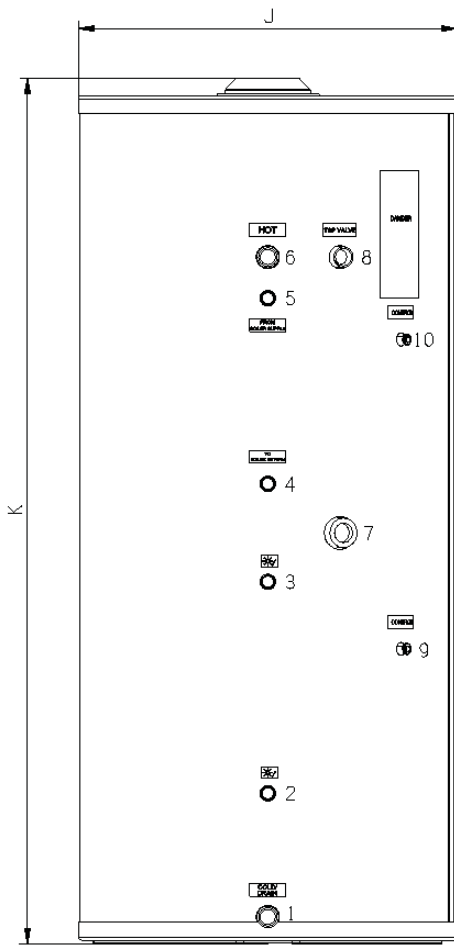

Today's growing demands for systems utilizing alternative energy sources require innovative products to meet these needs. The MSS Solar tank from Crown Boiler is designed to provide abundant domestic hot water from a combination of energy sources such as solar, ground water source heat pumps, and high efficiency condensing or non-condensing boilers.

STANDARD FEATURES

- **316L Stainless Steel Tank**
- **Convenient access cap for easy service**
- **Dual coils**
- **Two control locations**
- **1 ¼ Domestic connections**
- **Additional 1 ¼ connection located on the side of the tank**
- **15 Year Limited Warranty**
